1. INTRODUCTION

Testimonials are a great way to show that your brand or website is trusted by community, has good reviews and happy customers. It consists of a person's written or spoken statement extolling the virtue of a product.

This extension allows to show testimonials on the frontend of Magento 2 store - with either slider or grid mode. You can add it as a widget, which has a lot of settings, like showing or hiding specific fields, do design changes and more. Also it is possible to enable form on the frontend, which will allow customers to add their reviews about website, which can later be shown in testimonials section.

3.

2. FEATURES

- 100% open source
- Easy to install
- Display Testimonials with slider or grid
- Star Rating
- Most Popular Social Network integrated
- Ability to add testimonials from frontend
- reCAPTCHA system (google reCAPTCHA)
- Ability to display testimonials adding it as a widget
- Ability to display testimonial form adding it as a widget
- Many configuration for displaying testimonial slider, grid, or form

4.

6.

4. Get Key of the created reCAPTCHA.

▼ Keys

Site key

Use this in the HTML code your site serves to users.

```
6LeNnWcUAAAF[REDACTED]K4E2a_y3NThfGtY
```

Secret key

Use this for communication between your site and Google. Be sure to keep it a secret.

```
6LeNnWcUAAAAAF[REDACTED]wQZrvbMjurTgc
```

5. Copy and paste KEY in the configuration.

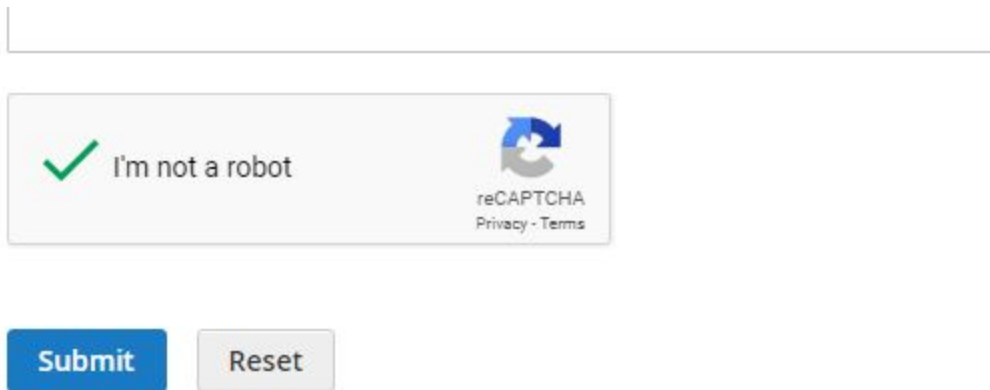

On the Admin Panel go to **Yereone->Testimonial->Configuration** and paste keys

Enable google reCAPTCHA [store view]

reCAPTCHA Site key [store view]

reCAPTCHA Secret key [store view]

And you will have Google reCAPTCHA block in testimonial form

7.

4. ADDING TESTIMONIAL FROM BACKEND

On the Admin Panel go to **Yereone->Testimonial->Add Testimonial**

GENERAL TAB

The screenshot shows the 'GENERAL' tab selected in a sidebar. The main form area is titled 'General' and contains the following fields:

- Status: A dropdown menu currently set to 'Pending'.
- Title: A text input field with a red asterisk indicating it is required.
- Testimonial Content: A large text area with a red asterisk indicating it is required.
- Rating: A dropdown menu.

1. Status - There are 3 options 'Pending', 'Approved', 'Not Approved', choose 'Approved' to display testimonial on frontend
2. Title - Testimonial title
3. Testimonial Content - Review content
4. Rating - Choose from 1 to 5 star

AUTHOR INFORMATION TAB

The screenshot shows the 'AUTHOR INFORMATION' tab selected in a sidebar. The main form area is titled 'Author Information' and contains the following fields:

- Author Name: A text input field with a red asterisk indicating it is required.
- Email: A text input field.
- Job: A text input field.
- City: A text input field.
- Company: A text input field.
- Company Website URL: A text input field.
- Author Image: A file upload field with a 'Choose File' button, 'No file chosen' text, and a note 'Allow image type: jpg, jpeg, gif, png'.
- Facebook URL: A text input field.
- Twitter URL: A text input field.
- LinkedIn URL: A text input field.
- Google Plus URL: A text input field.
- Youtube URL: A text input field.

A 'Save' button is visible at the bottom right of the form.

*Email will not be shown on frontend.

8.

5. TESTIMONIAL MANAGER

On the Admin Panel go to **Yereone->Testimonial->Testimonial Manager**

The screenshot shows the Testimonial Manager interface. At the top right, there are controls for 'Filters', 'Default View', and 'Columns'. Below this is a search filter form with fields for 'ID from', 'ID to', 'Created from', 'Created to', 'Author', and 'Email'. A 'Status' dropdown menu is also present. To the right of the filter form are 'Cancel' and 'Apply Filters' buttons. Below the filter form, there is a table with 6 records found. The table has columns for 'ID', 'Avatar', 'Author', 'Email', 'Created', 'Status', and 'Action'. The table contains 5 rows of testimonials, all with a status of 'Approved'. The 'Action' column for each row has a 'Select' dropdown menu.

ID	Avatar	Author	Email	Created	Status	Action
1		John Cuppari	example@gmail.com	Jul 27, 2018 2:25:34 PM	Approved	Select
2		Jack Hosono	example@gmail.com	Jul 27, 2018 2:31:38 PM	Approved	Select
3		Nikol Cavallon	example@gmail.com	Jul 27, 2018 2:34:12 PM	Approved	Select
4		Antony Showard	example@gmail.com	Jul 27, 2018 2:37:47 PM	Approved	Select
5		Cristina Shalhope	example@gmail.com	Jul 27, 2018 2:39:48 PM	Approved	Select

On this page, you can view the list that shows information of all testimonials. You can use the mass action to delete or change status of testimonials (Pending, Approved, Not Approved).

9.

6. ADDING TESTIMONIAL WIDGET FOR FRONTEND

On any static block or CMS page you can add testimonial widget by clicking “Insert Widget” button and choosing “Widget type” - Yereone Testimonials
You can select the design layout in this form and also many other settings.

Insert Widget...

But I must explain to you

Nor again is there anyone who loves or pursues or desires to obtain pain of itself, because it is pain, but because occasionally circumstances occur in which toil and pain can procure him some great pleasure.

★★★★☆

Contrary to popular belief

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old.
